

SUBJECT: VERIFY MY NAMEJET ACCOUNT

Date: _____

Name: _____

Billing Address: _____

Phone: _____

Email Address: _____

Login ID: _____

This letter is to request verification of my NameJet account for buying and/or auction bidding purposes. I understand when selling domains on NameJet, no charges will be incurred against my credit card.

In the event I bid on and win an auction, this letter will authorize and guarantee NameJet™ for charges to my credit card, first 4 digits being _____ and last 4 digits of _____, for all domain names or services that I have purchased through NameJet.

I understand, per the NameJet Terms of Use, that individual domains over \$25,000 must be paid by bank wire transfer. Payments for auctions will first be deducted from any balance on my account. If there are insufficient funds in my account balance, then my credit card on file will be charged directly for any remaining amount due for auctions of less than \$25,000.

I understand in the event of a dispute processed by my credit card issuer, NameJet will reserve the right to suspend access to any and all accounts I have, and that all right, title, interest in, and use of any domain names and/or services connected shall be assumed by NameJet, at its discretion. I also understand that in the event of the aforementioned, I will be responsible for any and all transaction amounts and fees associated with the dispute, prior to any account reactivation or domain access.

Please note that during this process we collect personal, verifiable information including name, address, phone number, email address, and driver's license and/or passport in order to verify your identity and to further minimize fraudulent or otherwise harmful activity on the NameJet platform. Please see our Privacy Policy for more information on how we collect and use personal information.

Please send a government-issued COLOR photo ID (such as driver's license or passport) that matches the name on your credit card. Black and white cannot be accepted.

Please scan and attach both documents to a Support ticket created from within your account. A fax cannot be accepted.
